The Architectural Committee has inspected and approved the plans you submitted for the change at your property located at:

The changes are (and limited to) the following specifications:
as noted on attached.

This approval indicates that your plans conform with the requirements of Article V, Use Restrictions of the Declaration of Covenants, Conditions and Restrictions of Siesta Retirement Village Subdivision.

This approval does not accept the responsibility for Engineering Design, Construction, Standards, work practices or for any other requirements by other agencies or by anyone responsible in these areas.

Further, the committee does not pass on whether any of the above listed modifications conform to any City or local ordinances.

Please obtain any necessary permits.

Remember that the homeowner is responsible for the cost of any items (trees, shrubs, rocks etc.) that may have to be removed from the easement or set back areas.
