## News/Updates

### We Need You!

The SRV Social Club Board is already making plans for next year's calendar of activities. These great events are only made possible through the work of volunteers.

We need people willing to both chair events and help with activities, such as dinners, breakfasts, dances and entertainment. No experience is required! The more people who volunteer, the less work any one person has to do.

There are so many new residents in the village who can bring fresh ideas and new energy. It is also a great way to meet people and make new friends in our community.

We will have sign up sheets at the Monday meetings in coming weeks and encourage everyone to find one (or more) activities to help with next year. You can also contact one of the Social Club Board officers to volunteer.

### Cookbook Sales Completed!

The SRV cookbook sale is complete! All 226 books have been sold.

Thank you to everyone who ordered a copy. This was a very successful fundraiser for our village. The sale raised over \$1,650 for our community!

Thank you to the 60 people who contributed a total of 298 delicious recipes.

Thank you also to Robyn Lamb, Sharon Taylor, Jan Belmonte and Amy Van Deest for working for hours to proofread all the recipes. Thanks to Kathy Moyna for helping with the design and sales.

But the biggest thank you goes to Jurene Gardner who collected and then typed all the recipes, coordinated the printing with the cookbook company and oversaw the entire project.

We have a few cookbooks that still need to be picked up. Please contact Kathy Moyna if you haven't gotten your book yet.

### Social Club Board Officers

The Social Club Board is currently accepting nominations for next year's Board. We are in need of a Secretary and Second Vice President. If you are interested, please contact a current officer or Lois Greinke, the nominating committee chairperson.

### FYI: Pool Room Door

Just a reminder when entering the pool room door from the east, there is a push button automatic door opener from both sides.

Several people have tried to open the door manually and thus the door has had to be repaired by Jerry Burton.

Obviously, the cost of new gears and hinges is something we do not need to incur as a village.

PLEASE do not manually open the door. Use the push button on the side.

### Palm Tree Trimming

Recently, our weather has been quite variable, almost daily. Strong winds have blown many loose items within the park.

Palm trees that are not trimmed on a regular basis have created some health concerns as several residents have almost been hit by rather large palm branches that have fallen. In addition, branches have fallen on mobile roofs along with other items in the trees!

Palms trees are the homeowner's responsibility to maintain. Don Schaefer has thirteen trees and provided our board a wonderful recommendation for Javier Hernandez who lives in San Juan. His number is 956-448-8830. Javier is quick and quite reasonable and provides free estimates.

### Check Your Emails

Occasionally, emails are sent out from The Villager's account ([siestavillager@gmail.com](mailto:siestavillager@gmail.com)). There are a few things you should remember:

- These emails are NOT sent from the SRV Office Administrator, so questions about your property, accounts, etc. should not go to this email address.
- We try to limit the number of emails that go out so that no one is bombarded by an overwhelming number of emails. Regular announcements should be shared through The Villager or at the Monday meetings.
- Please check your account's spam folder to make sure that The Villager's emails aren't being tagged as junk or spam. An accidental click that labels an email as junk can block you and others from receiving emails in your regular inbox.
- If you haven't been receiving emails, it might be that your inbox is too full and needs to be emptied to receive new messages.
- If you would like to be added to the email blasts, please send an email to [siestavillager@gmail.com](mailto:siestavillager@gmail.com) giving the email address you would like me to use.

- Print versions of The Villager are available for 50 cents in the office or at Monday meetings. Digital versions are available for free on the SRV website.

# General Reminders

## Post Office Box Procedures

It is important that everyone receive their mail in a timely manner and in the correct post office box. In order to assist this happening, and ensure that mail is not returned or put in the incorrect box, please follow these procedures:

### Residents

Each street address should have one mail box assigned by the Office. The Office should be notified of the following:

- Any resident change in name,
- Any resident change of address especially within the park,
- Any visitor that may receive mail.

The SRV office must be notified when residents return in the fall, leave in the spring, or have new people living in their home. Inaccurate information may result in mail being returned to sender. PLEASE make sure your Unit number is included in your address. Improperly addressed mail may also be returned to the sender. If you are going on a trip and wish to have your mail held, please contact the Weslaco Post Office at (956) 968-7412.

### Renters

Renters shouldn't be given mail box keys by the property owners. If the Office and/or Post Office is not notified of the renter information we do not know who is using the box and mail may be returned or misdirected. (We also put names on the boxes inside the mail building to help the USPS, if we do not know the name we cannot label the box.)

Renters need to contact the office and get their own mailbox. They should pick up the key from the Office and return it to the Office when they leave. This assists in the accurate tracking of empty boxes for reassignment. (If a renter returns to the same house annually, they can keep the same box, but need to notify the office.)

### Blocks

If using a block in the box, allow enough time for the mail to be forwarded before placing the block and, when you return, remove the block as soon as the forward is requested. If mail is delivered and there is a block in the box the mail will be returned. The Office will be happy to assist with placing or removing blocks.

### Key Return

Any time a box will no longer be used by the current resident, the key must be returned to the office (e.g. sale of house, renter leaving for the season, etc.). The Post Office will not make duplicate keys (and they can not be made elsewhere) nor will they retool the box for a new key.

### USPS Packages

Packages that are delivered to the Office by USPS (either because they are too large for the key boxes or the key boxes are full) will be available for pick up in the office lobby.

## Architectural Requests

ANY change made to the exterior of your home or property requires Architectural Approval and a Permit. Forms are located in the office. Once filled out, two members of the Architectural Committee and a member of the Board of Directors must sign off on the request BEFORE work can begin. When approval has been given, a Permit will be issued and should be placed in a visible front window of your home. Any request that would require a variance of the SRV 9th Amended Covenants and Conditions must be taken to the full Corporate Board of Directors for approval.

Per SRV Covenants Article V.03: No structures of any kind, including MOBILE HOMES, may be commenced, erected or maintained upon the PROPERTIES, nor shall any exterior addition to, or change, or alteration therein be made until plans and specifications showing the nature, kind, shape, height, materials, color and location of the same shall have been submitted and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Architectural Committee.

## Contractors In The Village

Reminder to all residents having work done by a contractor. All contractors are expected to register with the SRV office PRIOR to performing any work within the Village. **Contractor vehicles should all have a RED SRV CONTRACTOR PERMIT in their front window.** If you notice a vehicle without this form, please either send them to the office or report them to the office. **NO contractor vehicles should be left on SRV streets overnight.**

## Rentals

The Office is keeping a list of people who would like to be renters in the Park and also a list of Owners who have rentals available (or that will be available). If you own a rental and would like to be on the list given to potential renters, please contact the Office with your information. As people call inquiring about available rentals, they will be given your contact number. And if you would like the list of people interested so that you can contact them, also contact the Office.

If you have a renter or no longer want potential renters to contact you, please contact the Office to remove your name from the owners list.
