News/Updates

Welcome To The Village! Residents Introduced on 12/19/2022

Tom and Sherry Schrauth: 2923 Mesa Verde, new owners from Branson, MO. Tom was a maintenance electrician and his interests are traveling, casinos, and eating out. Sherry did bookkeeping and payroll. She enjoys the same things as Tom and also cards, games and some crafts.

Heather Jaculak & Marcello Silvari: 3020 Boca Chica Renters this season from Winnipeg, MB Heather has been retired for 15 years from her career in Information Technology for the Province. She is an artist and enjoys quilting, cards, and board games. Marcello was employed by the City of Winnipeg Parks and Rec department. He enjoys golfing, riding his motorcycle and woodworking.

Gary & Ronda Burow: 2910 Mesa Verde These Winter Texans hail from Lincoln, NE. Ronda's parents lived in San Juan so they are familiar with the Valley. They owned "The Tack Room" a bar and grill. Gary was also involved with KZ Distribution Company and Roberts Dairy. Gary just retired and will be looking for new hobbies. Ronda was an office manager for a veterinarian and did the accounting for the bar and grill. She also worked for a rehab hospital. Ronda enjoys redesigning existing homes and making candy bar bouquets for the holidays.

Doug & Dixie Filmer: 3038 Sonora are new owners and Winter Texans. They have a permanent home in Lake City, IA. Doug is a retired mechanic and owned his own towing business. He enjoys restoring antique cars, golf and playing poker. Dixie was a healthcare worker in a home for disabled individuals. Doug listed her hobbies as shopping on Amazon but I'm sure she has others as well.

Corporate Board Updates

1) Part 5.11(b) of the covenants states "all pets will be on a leash except when they are in a home," also refers to when pets are confined in an existing fenced enclosure. Complaints have been received. Please put your pets on a leash when walking them. Thank you.

2) Complaints have been received of food being tossed on the roadways "for the birds in late evening." Normally birds do not fly much at night; however, other animals due wander at night. Please do not put food on the roadway. If you desire to feed the birds, buy a bird feeder. Thank you

3) Permits for construction: Any and all construction on the OUTSIDE of your home needs to have a permit completed, proposed project reviewed by the architectural committee for approval or recommended changes, per the Covenants, Article IV.

4) FRUIT TREES- Please keep the fallen fruit picked up, placed in a bag and placed on the curb. The maintenance personnel will pick it up (no charge) and dispose of it. Again this is another stray animal issue in the park.

On behalf of Security and Public Relations,
THANK YOU for your cooperation.

SIESTA SHUFFELBOARD TOURNAMENT

Correct Address Format For Packages

Celeste spoke with the postmaster in Weslaco and he advised her on the correct format to use. Residents must put both addresses. This is the accepted format so that all carriers are able to deliver. This is an example:

Sandy Beach

2712 S Intl. Blvd #899
Weslaco, TX 78596

Amazon especially is having issues delivering packages due to this format not being used.

General Reminders

Post Office Box Procedures

It is important that everyone receive their mail in a timely manner and in the correct post office box. In order to assist this happening, and ensure that mail is not returned or put in the incorrect box, please follow these procedures:

Residents

Each street address should have one mail box assigned by the Office. The Office should be notified of the following:

- Any resident change in name,
- Any resident change of address especially within the park,
- Any visitor that may receive mail.

The SRV office must be notified when residents return in the fall, leave in the spring, or have new people living in their home. Inaccurate information may result in mail being returned to sender. PLEASE make sure your Unit number is included in your address. Improperly addressed mail may also be returned to the sender. If you are going on a trip and wish to have your mail held, please contact the Weslaco Post Office at (956) 968-7412.

Renters

Renters shouldn't be given mail box keys by the property owners. If the Office and/or Post Office is not notified of the renter information we do not know who is using the box and mail may be returned or misdirected. (We also put names on the boxes inside the mail building to help the USPS, if we do not know the name we cannot label the box.)

Renters need to contact the office and get their own mailbox. They should pick up the key from the Office and return it to the Office when they leave. This assists in the accurate tracking of empty boxes for reassignment. (If a renter returns to the same house annually, they can keep the same box, but need to notify the office.)

Blocks

If using a block in the box, allow enough time for the mail to be forwarded before placing the block and, when you return, remove the block as soon as the forward is requested. If mail is delivered and there is a block in the box the mail will be returned. The Office will be happy to assist with placing or removing blocks.

Key Return

Any time a box will no longer be used by the current resident, the key must be returned to the office (e.g. sale of house, renter leaving for the season, etc.). The Post Office will not make duplicate keys (and they can not be made elsewhere) nor will they retool the box for a new key.

USPS Packages

Packages that are delivered to the Office by USPS (either because they are too large for the key boxes or the key boxes are full) will be available for pick up in the office lobby.

Architectural Requests

ANY change made to the exterior of your home or property requires Architectural Approval and a Permit. Forms are located in the office. Once filled out, two members of the Architectural Committee and a member of the Board of Directors must sign off on the request BEFORE work can begin. When approval has been given, a Permit will be issued and should be placed in a visible front window of your home. Any request that would require a variance of the SRV 9th Amended Covenants and Conditions must be taken to the full Corporate Board of Directors for approval.

Per SRV Covenants Article V.03: No structures of any kind, including MOBILE HOMES, may be commenced, erected or maintained upon the PROPERTIES, nor shall any exterior addition to, or change, or alteration therein be made until plans and specifications showing the nature, kind, shape, height, materials, color and location of the same shall have been submitted and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Architectural Committee.

Contractors In The Village

Reminder to all residents having work done by a contractor. All contractors are expected to register with the SRV office PRIOR to performing any work within the Village. **Contractor vehicles should all have a RED SRV CONTRACTOR PERMIT in their front window.** If you notice a vehicle without this form, please either send them to the office or report them to the office. **NO contractor vehicles should be left on SRV streets overnight.**

Rentals

The Office is keeping a list of people who would like to be renters in the Park and also a list of Owners who have rentals available (or that will be available). If you own a rental and would like to be on the list given to potential renters, please contact the Office with your information. As people call inquiring about available rentals, they will be given your contact number. And if you would like the list of people interested so that you can contact them, also contact the Office.

If you have a renter or no longer want potential renters to contact you, please contact the Office to remove your name from the owners list.
