To our friends and neighbors: Our SRV Family

Julie and I would like to thank everyone for their kind words and thoughts on the loss of our our beloved Nikki. It has been a difficult time for Julie and myself but your kind words and hugs have been there to help us through it.

Thank You
Mark And Julie George

SRV Community Park and Off Leash Area by Gail Runnels

From the Vet:

If your dog has recovered from heartworm, it is generally recommended to neuter them once they are fully recovered and their health is stable. As the stress of surgery during active heartworm treatment can be detrimental; most vets will advise waiting until after the treatment period is complete before neutering.

Key points: Wait for full recovery from heartworm treatment.

Ensure your dog is fully recovered from heartworm treatment, including any rest treatment before scheduling the neutering procedure.

Always discuss with your veterinarian.

Neutering a male can provide numerous health benefits, including reduced risk of testicular cancer, decreased aggression, and less roaming behavior.

Reminder: No dogs in Common Areas

We would like to remind all residents that dogs (other than service animals) are not allowed in the common areas of our community.

This policy is in place to ensure the comfort and safety of all residents and to maintain cleanliness in shared spaces.

This policy supports the community's goal of fostering an inviting atmosphere where all residents can feel at ease. By minimizing disruptions and potential conflicts, we ensure that shared spaces remain peaceful retreat for everyone.

Common areas include:

- Main Hall
- Kitchen
- Recreation Rooms
- Shuffleboard Courts
- Swimming pool area
- Mailbox Area
- Office
- Marked lawn areas

If you have any questions or need further clarification, please contact SRV Community Park Committee or SRV Board.

The Villager Submission Information:

- There is no fee to list your events in The Villager. You may reach people this way who are not able to attend all Monday meetings.
- If you have information you would like in The Villager, it needs to be submitted by 9 PM the Wednesday prior to Monday publication.
- You need to write the submission exactly as it will appear in The Villager. I will not write your article. If you would like your article to be included for more than one week, please indicate the number of weeks you would like it to run.
- I prefer you email your requests to siestavillager@gmail.com. Also, if you email, please put your submission in the body of the email, not as an attachment.
- If you aren't able to email your information, you can text me at 763-458-5495. The deadline is still the same for these submissions.
- Also, there are times the office needs to send out an announcement via email. Please ensure the SRV office has your updated email address. Emails will be sent for last minute changes or updates; not for information that missed the submission deadline.
- Print versions of The Villager are available for 50 cents in the office or at Monday meetings. Digital versions are available for free on the SRV website.

Did you know.....

If you play pickleball, workout in the exercise room, or work in the in the wood shop
You **MUST** fill out a Hold Harmless Form before starting an activity in these areas.

Thank You - SRV Management

International Blvd., Weslaco

General Reminders

Post Office Box Procedures

It is important that everyone receive their mail in a timely manner and in the correct post office box. In order to assist this happening, and ensure that mail is not returned or put in the incorrect box, please follow these procedures:

Residents

Each street address should have one mail box assigned by the Office. The Office should be notified of the following:

- Any resident change in name,
- Any resident change of address especially within the park,
- Any visitor that may receive mail.

The SRV office must be notified when residents return in the fall, leave in the spring, or have new people living in their home. Inaccurate information may result in mail being returned to sender. PLEASE make sure your Unit number is included in your address. Improperly addressed mail may also be returned to the sender. If you are going on a trip and wish to have your mail held, please contact the Weslaco Post Office at (956) 968-7412.

Renters

Renters shouldn't be given mail box keys by the property owners. If the Office and/or Post Office is not notified of the renter information we do not know who is using the box and mail may be returned or misdirected. (We also put names on the boxes inside the mail building to help the USPS, if we do not know the name we cannot label the box.)

Renters need to contact the office and get their own mailbox. They should pick up the key from the Office and return it to the Office when they leave. This assists in the accurate tracking of empty boxes for reassignment. (If a renter returns to the same house annually, they can keep the same box, but need to notify the office.)

Blocks

If using a block in the box, allow enough time for the mail to be forwarded before placing the block and, when you return, remove the block as soon as the forward is requested. If mail is delivered and there is a block in the box the mail will be returned. The Office will be happy to assist with placing or removing blocks.

Key Return

Any time a box will no longer be used by the current resident, the key must be returned to the office (e.g. sale of house, renter leaving for the season, etc.). The Post Office will not make duplicate keys (and they can not be made elsewhere) nor will they retool the box for a new key.

USPS Packages

Packages that are delivered to the Office by USPS (either because they are too large for the key boxes or the key boxes are full) will be available for pick up in the office lobby.

Architectural Requests

ANY change made to the exterior of your home or property requires Architectural Approval and a Permit. Forms are located in the office. Once filled out, two members of the Architectural Committee and a member of the Board of Directors must sign off on the request BEFORE work can begin. When approval has been given, a Permit will be issued and should be placed in a visible front window of your home. Any request that would require a variance of the SRV 9th Amended Covenants and Conditions must be taken to the full Corporate Board of Directors for approval.

Per SRV Covenants Article V.03: No structures of any kind, including MOBILE HOMES, may be commenced, erected or maintained upon the PROPERTIES, nor shall any exterior addition to, or change, or alteration therein be made until plans and specifications showing the nature, kind, shape, height, materials, color and location of the same shall have been submitted and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Architectural Committee.

Contractors In The Village

Reminder to all residents having work done by a contractor. All contractors are expected to register with the SRV office PRIOR to performing any work within the Village. **Contractor vehicles should all have a RED SRV CONTRACTOR PERMIT in their front window.** If you notice a vehicle without this form, please either send them to the office or report them to the office. **NO contractor vehicles should be left on SRV streets overnight.**

Rentals

The Office is keeping a list of people who would like to be renters in the Park and also a list of Owners who have rentals available (or that will be available). If you own a rental and would like to be on the list given to potential renters, please contact the Office with your information. As people call inquiring about available rentals, they will be given your contact number. And if you would like the list of people interested so that you can contact them, also contact the Office.

If you have a renter or no longer want potential renters to contact you, please contact the Office to remove your name from the owners list.
